Message from
the Managers

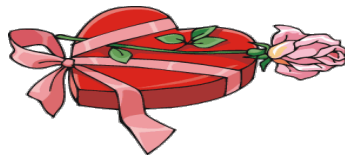

Happy
Valentine's
Day to all our
Whispering
Pines
Residents!
We hope
you're enjoying
this beautiful
weather!

Richard &
Rhonda

What is the
best part of
Valentine's
Day?

The day after
when all the
candy is on
sale!

Feb 14th
Terry & Claudia Lawwill
Feb 23rd

Can snowbirds get the vaccine in Florida?

Yes! But, you must show proof that you are a seasonal resident and not a tourist. If you do not have a Florida driver's license or Florida ID card, then you must have two forms of proof. The office can provide you with one of them.

FS 381.986 (5)(b)

To prove residency:

1. An adult resident must provide the department with a copy of his or her valid Florida driver license issued under s. [322.18](#) or a copy of a valid Florida identification card issued under s. [322.051](#).
2. An adult seasonal resident who cannot meet the requirements of subparagraph 1. may provide the department with a copy of two of the following that show proof of residential address:
 - a. A deed, mortgage, monthly mortgage statement, mortgage payment booklet or residential rental or lease agreement.
 - c. A utility hookup or work order dated within 60 days before registration in the medical use registry.
 - d. A utility bill, not more than 2 months old.
 - e. Mail from a financial institution, including checking, savings, or investment account statements, not more than 2 months old.
 - f. Mail from a federal, state, county, or municipal government agency, not more than 2 months old.
 - g. Any other documentation that provides proof of residential address as determined by department rule.

For the purposes of this paragraph, the term "seasonal resident" means any person who temporarily resides in this state for a period of at least 31 consecutive days in each calendar year, maintains a temporary residence in this state, returns to the state or jurisdiction of his or her residence at least one time during each calendar year, and is registered to vote or pays income tax in another state or jurisdiction.

How can you get the vaccine?

Register for vaccines online through Brevard County, Publix, or Walgreens. You must have an appointment.

If you are getting the vaccine through Brevard County, you will need the [COVID-19 Vaccine Screening and Consent Form](#) For your convenience, Rhonda has these in the office.

Vaccine Update

There are still only two vaccines with EUA in the US. Both the Pfizer and Moderna vaccines each require two doses and cold storage. After receiving the first dose, one receives a card that will let one know how to go about the 2nd dose.

There is a third vaccine that will hopefully be approved in the near future: Johnson & Johnson. J&J currently has two separate Phase 3 trials. The first one uses just 1 dose. Results from this one are expected by February. Their 2nd Phase 3 trial uses two doses; its results will not be known until later.

<https://www.cdc.gov/coronavirus/2019>

The Flu Shot is more important than ever this year!

People 65 years and older are encouraged to get a high – dose flu shot vaccine that contains four times the amount of antigen as the standard inoculation.

Protect yourself, your family, and your neighbors.

Be sure to check with your doctor or pharmacist if you are also getting a Covid vaccine shot. At this time, it is recommended to allow 14 days between a flu shot and a Covid vaccine.

Convenient Locations:

CVS at 1820 Cheney Hwy,
Publix Pharmacy at 2000 Cheney Hwy,
Walgreens at 4600 S. Washington Ave.
